# HTML CSS Assigment

1) What is the Box model in CSS? With the help of a webpage show how the Box model is used.(5 marks)

2) With the help of HTML and CSS **only,** make a simple portfolio website (don't use any framework) I repeat don't use any of the frameworks(No Bootstartp No angular or nothing other than HTML and CSS).(10 marks)

Note in the 1st question you have to make a webpage(not full page just 2-5 boxes with text so that I can understand you know box model)

Example for question 1:-

ME399A: MECHANICAL ENGINEERING COMMUNICATION SKILLS	ME762A: INTRODUCTION TO ROBOTICS	SOC486A: HUMAN RIGHTS THEORY AND PRACTICE
Dr. Pranav Joshi	Dr. Ashish Dutta	Dr. Munmun Jha
ME321A: ADVANCE MECHANICS OF SOLIDS	ME361A: MANUFACTURING SCIENCE & TECHNOLOGY	ME352A: THEORY OF MECHANISMS & MACHINES
Dr. Chandraprakash	Dr. Mohit Law	Dr. B Dasgupta

For an example of question number 2 go on youtube and search portfolio webpage using HTML and CSS.

Clear and easily understandable code will get 5 marks bonus
